Change the World Project – Thinking of an Idea

1. What are three problems that people have around their homes? (ex: feeding pets when away)
   a. _____________________________________________________________
   b. _____________________________________________________________
   c. _____________________________________________________________

   Think of a product that might solve one of these problems.
   What is the name of this product? ________________________________
   What does this product do and how does it work?

2. What are three problems that people have at school? (ex: lost books)
   a. _____________________________________________________________
   b. _____________________________________________________________
   c. _____________________________________________________________

   Think of a product that might solve one of these problems.
   What is the name of this product? ________________________________
   What does this product do and how does it work?

3. What are three problems in the world? (ex: too much traffic)
   a. _____________________________________________________________
   b. _____________________________________________________________
   c. _____________________________________________________________

   Think of a product that might solve one of these problems.
   What is the name of this product? ________________________________
   What does this product do and how does it work?
